

Want to be involved in missions?

Do you have a heart to see communities transformed by the holistic message of the gospel which touches every aspect of a person's life - spiritual, physical, social and intellectual?

Youth With A Mission's (YWAM) mission statement is 'To Know God and Make Him Known.' The message of the gospel is not only about salvation of souls, but transformation of people's lives and their communities.

A Discipleship Training School (DTS) is YWAM's foundational course. A DTS aims to help people develop their relationship with God, by learning to listen and obey God's voice, and developing Christ-like character through a biblical foundation.

DTS is a 6-month course which is a stepping stone to releasing people into the mission field. The course helps to equip people to reach the lost through evangelism, community development and other forms of ministry, making God known in their environment.

Have you dreamed of coming to the 'real' Africa? Why not consider doing a DTS in Lusaka, Zambia, in South Central Africa.

YWAM Lusaka is running a DTS from 11 May to 23 October 2009, with the focus on community development.

Some of the topics which will be covered include:

- Hearing God's voice
- The nature and character of God
- The Father Heart of God
- Spiritual Warfare
- Community Development
- Chronological Bible Story Telling
