

Dear friends....

Aloha from Hawaii! I am very excited to announce that I and my international team will be offering a six-week Leadership Training Course (LTC) next year in Port Harcourt, Nigeria. The dates are April 21 – May 30, 2008.

This LTC is for YWAM leaders and young potential leaders who want to grow in their understanding of Jesus' leadership style and Biblical principles for spiritual leadership. As we have been praying and planning for this time, we have a growing excitement about all that God has in His heart to do in Nigeria...throughout Africa...and in the heart of each participant He brings to this event. I'm anticipating glorious times of corporate, multi-cultural worship, as well as vibrant moves of God's Spirit in intercessory prayer as we seek God together.

This is a season when God has been speaking to YWAM globally about "re-alignment" — re-alignment with our calling as a Mission; realignment with our Foundational Values; recommitment to one another in family love. The LTC will be a time of impartation, followed by implementation. I believe God wants to use the people gathered for this course in a catalytic way to implement the words of the Lord, and the vision and the values He wants us to live by.

If you are a young man or woman with a call to lead in the ways of God and you're interested in learning more about the Nigeria Leadership Training Course please write to the appropriate address below.

God bless you as you pursue more of Him!

Darlene Cunningham  
Co-founder, Youth With A Mission  
Leader, Nigeria Leadership Training Course
